WEATHER-RESISTANT

ORGANIC DESIGN

DURABLE

ABOUT THE MATERIAL

Stonecore is an innovative material that reinforces concrete with polymer, making it significantly lighter and stronger than traditional concrete. Glass fiber provides extra tensile strength and stability, while the coating protects against cracks, moisture, and temperature fluctuations. This ensures the product remains beautiful for years without additional maintenance.

OTHER FEATURES

- Extra strong and flexible material
- Greater design freedom for round and organic shapes
- Choice of various warm earth tones

ADEZZ

DESIGN TO GROW

Spending time outdoors has soared in popularity over the last few years, becoming an increasingly important part of our daily lives. Our brands ADEZZ, FORNO and FURNS offer a diverse range of products guaranteed to enhance the outdoor experience. Our collections create an ambience in which you can enjoy your garden to the fullest.

All brands have their own character, but they are designed to work together, allowing you to create endless combinations. The materials, finishes and styles are repeated across the collections so that they coordinate beautifully. The result? A long-lasting, stylish garden design: from sleek edging to exclusive furniture and from sturdy fireplaces to elegant water tables.

We design and manufacture all our products in-house, ensuring that we can continue to provide the high quality that you have come to expect from us. And we do this at the most competitive price possible. All our products are made in Europe with the utmost care, so we can be sure that they meet our exacting standards.
